Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

On average, 14.8 candidates are contesting per constituency across the country. Among all the states, Telangana has the highest average number of candidates contesting. This is primarily due to 185 contestants from Nizamabad. Excluding Nizamabad, the state's average number of contestants would be 16.1.

However ,while a proclamation of emergncy is in operation, this period may be extended by Parliament by law or decree.

The Election Commission of India recognises parties as either national or state parties based on their performance in previous elections. Delhi and Haryana have a high number of candidates contesting from parties that have not been recognised as either national or state parties. After Telangana, Tamil Nadu has the highest average of independent candidates contesting in this election. On average, of the candidates in each constituency in Tamil Nadu, two-thirds are contesting as independent

The nominations for all phases of the General Election have been submitted. We examine highlights from data on candidates who are participating in the ongoing elections. There are 8,039 candidates contesting for 542 Parliamentary constituency seats.

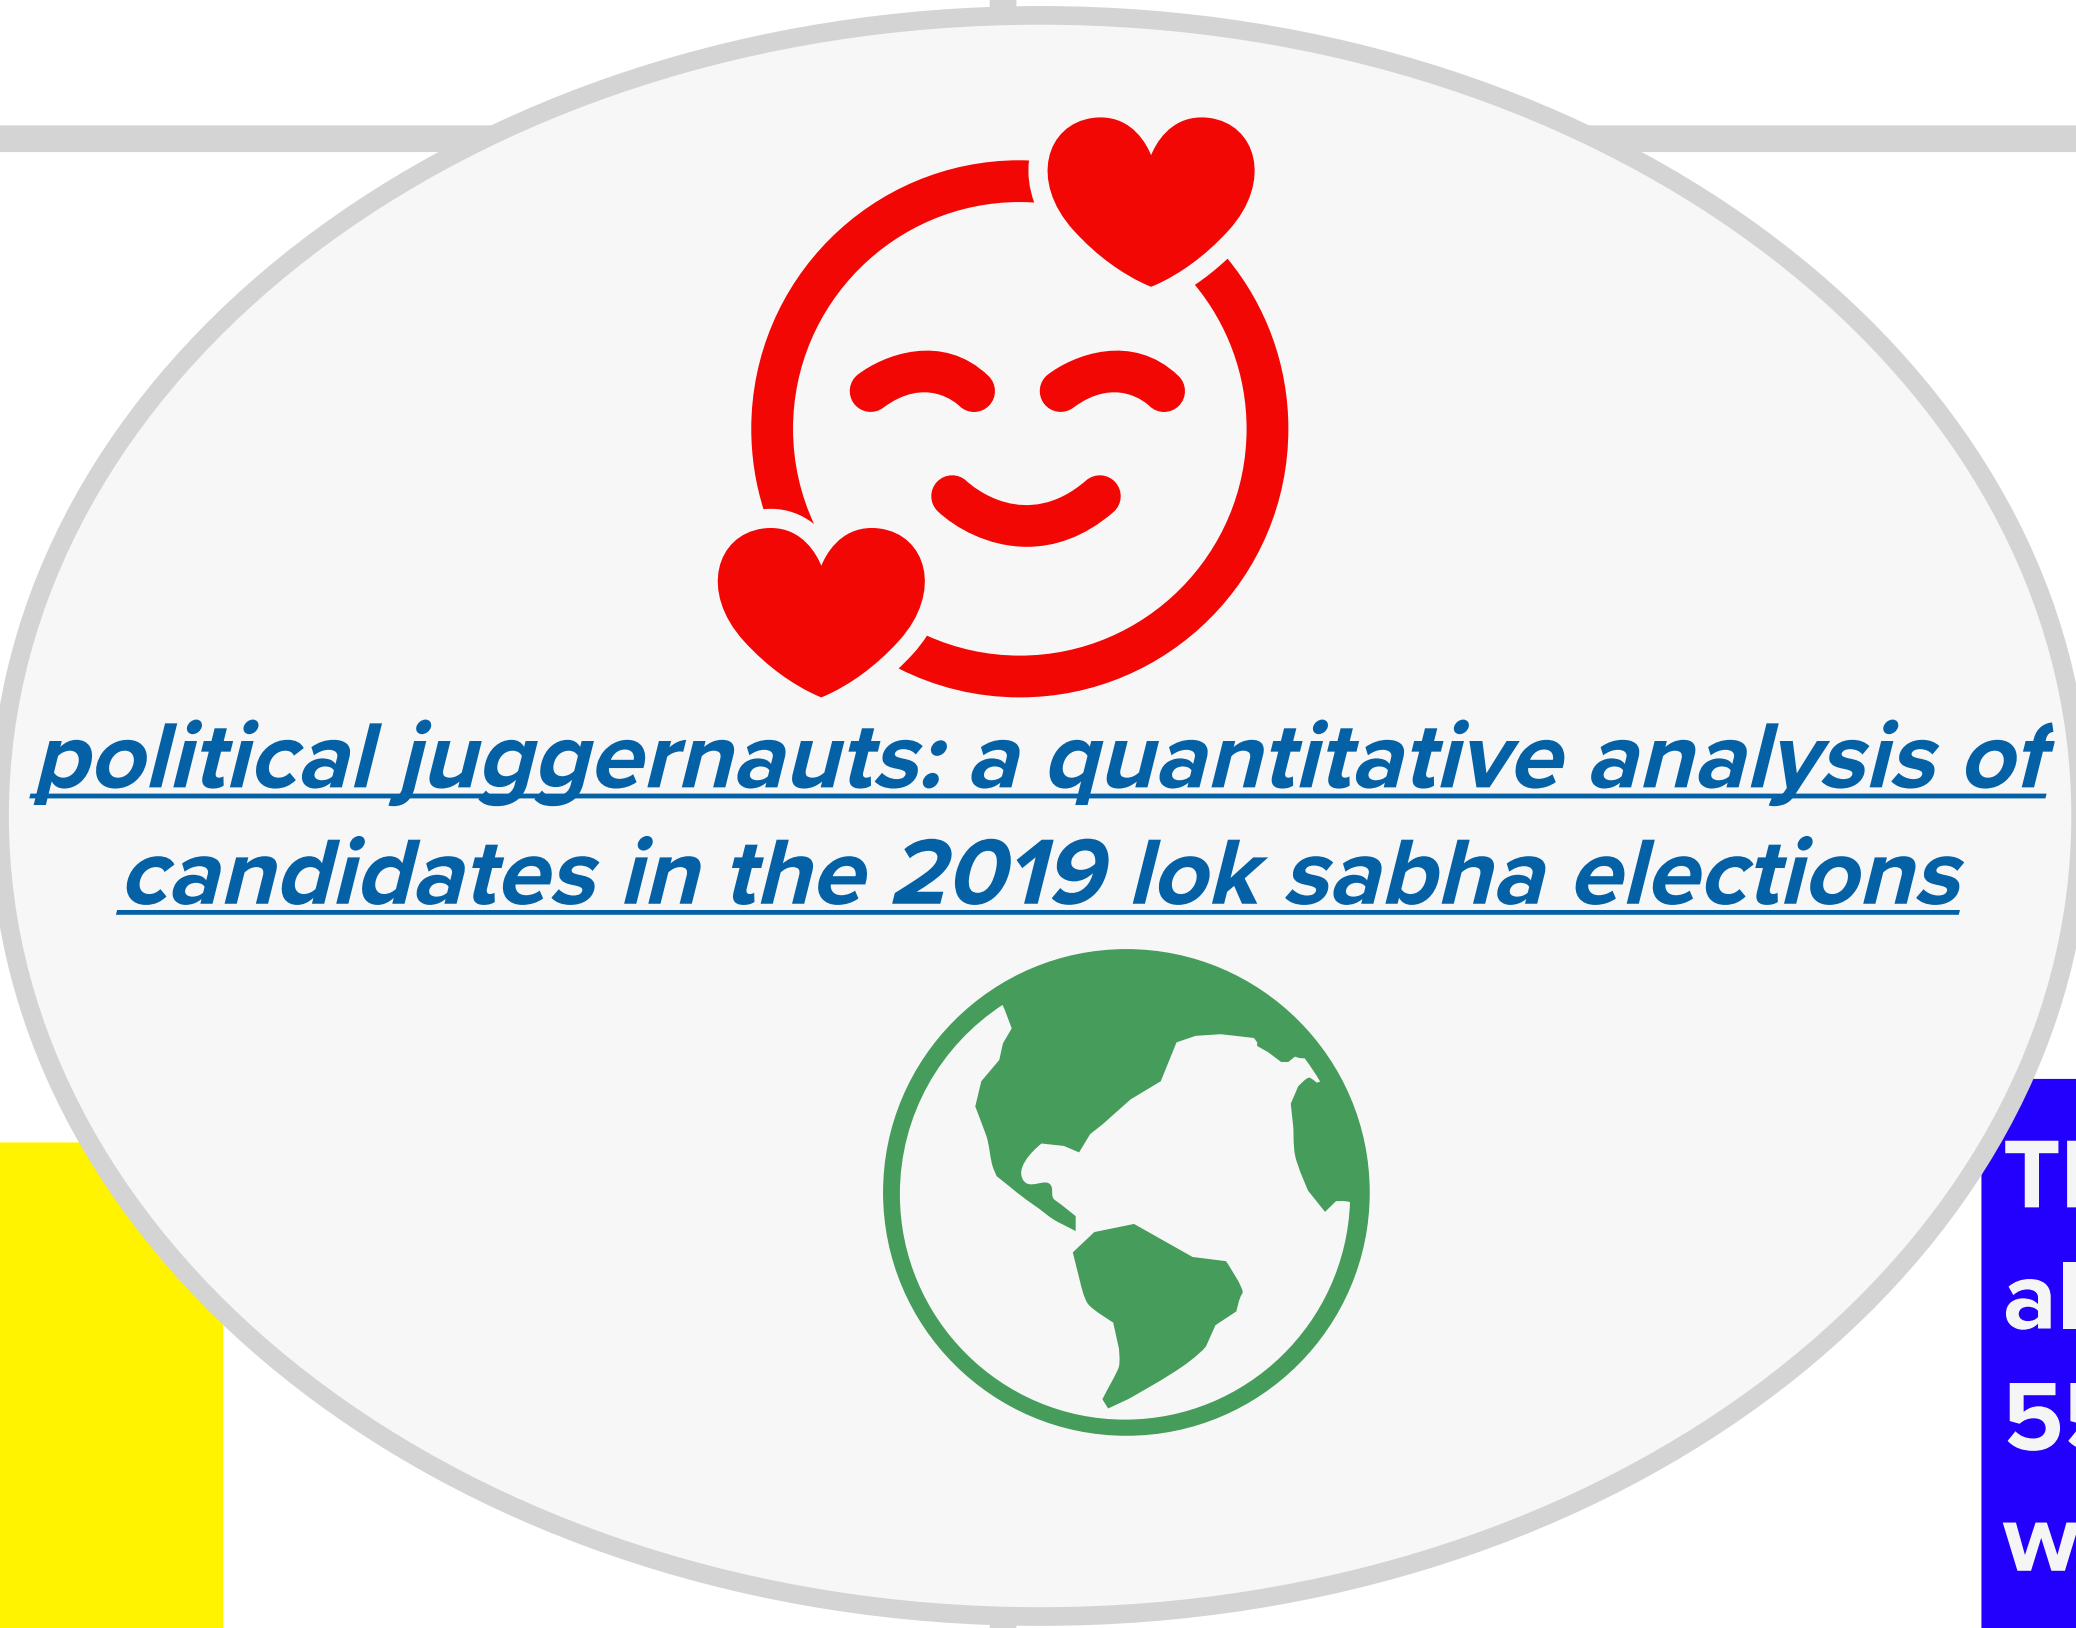

The maximum membership of the house allotted by the constitution of India is 552.

A total of 131 seats are reserved for respresentatives of scheduled castes and scheduled tribes.
